- That irreplaceable warm fuzzy feeling inside that you are a part of something bigger than yourself - a movement that believes Milwaukee isn't just any place but a special place, that the greenest building is the one already built, and that our old and historic landscapes and structures are an incredible asset to be celebrated, protected, and used to better the lives of ALL Milwaukeeans.

With the support of your membership MPA accomplished so much in 2021!

- After 10+ years of hard work, Old Main and 5 other buildings at the **Soldiers Home** were reopened as housing for veterans and their families at risk of homelessness! We were proud to receive a Wisconsin Historical Society award for this incredible project and continue to lead efforts to encourage the VA to reissue an RFP to restore the 3 remaining vacant buildings - the Chapel, Ward Theater, and Governor's Mansion.
- We've made a difference for Milwaukee **Modernism**, bringing attention to places of the recent past through advocacy for the Forest Home Library and articles written for Docomomo US.
- We continue to work with the National Trust for Historic Preservation to meet with stakeholders and advocate for funding and progress toward a sustainable preservation solution for the **Mitchell Park Domes**.
- We hosted some awesome **webinars** - Preservation for People with TKWA, the Oriental Theatre restoration with Milwaukee Film, and financing commercial rehab projects. Over 300 attendees came away excited about protecting the places they love. Many more programs are in the works!
