MILWAUKEE
PRESERVATION
ALLIANCE

Milwaukee Preservation Alliance invites you to join!

Become a partner in our important work of celebrating, advocating for, and reusing Milwaukee's amazing older and historic places.

MPA Membership Benefits include:

- Invitations to our virtual and in-person (again someday!) programming, including educational and networking opportunities with professionals in preservation, architecture, real estate development, and anyone who loves Milwaukee.
- Access to meaningful volunteer opportunities to help save historic places.
- Monthly email newsletter that provides updates on what we're doing to protect Milwaukee's old and historic places and how you can make a difference.
- Invitation to MPA's Annual Meeting each Fall/Winter.
- That irreplaceable warm fuzzy feeling inside that you are a part of something bigger than yourself - a movement that believes Milwaukee isn't just any place but a special place, that the greenest building is the one already built, and that our old and historic landscapes and structures are an incredible asset to be celebrated, protected, and used to better the lives of ALL Milwaukeeans.

With the support of your membership MPA accomplished so much in 2020!

- We hired a full-time **Executive Director**, Jeremy Ebersole, who is already doing great work! This is a crucial step in building our capacity to speak for places that matter to all Milwaukeeans.
- Old Main and 5 other buildings at the **Soldiers Home** are being rehabilitated to provide housing for veterans and their families at risk of homelessness and will open soon! But 3 iconic buildings - the Chapel, Ward Theater, and Governor's Mansion - remain vacant and endangered. MPA is leading the effort to encourage the VA to reissue an RFP to restore them.
- We continue to work with the National Trust for Historic Preservation to meet with stakeholders and attend County meetings to advocate for a preservation solution for the **Mitchell Park Domes**.
- We hosted some awesome **webinars** - helping advocates to understand Preservation 101 and demonstrating to homeowners how to use the state residential historic tax credits. Over 100 attendees came away excited about protecting the places they love. Many more programs are in the works!
